

DICKSON SOLAR FABRICS

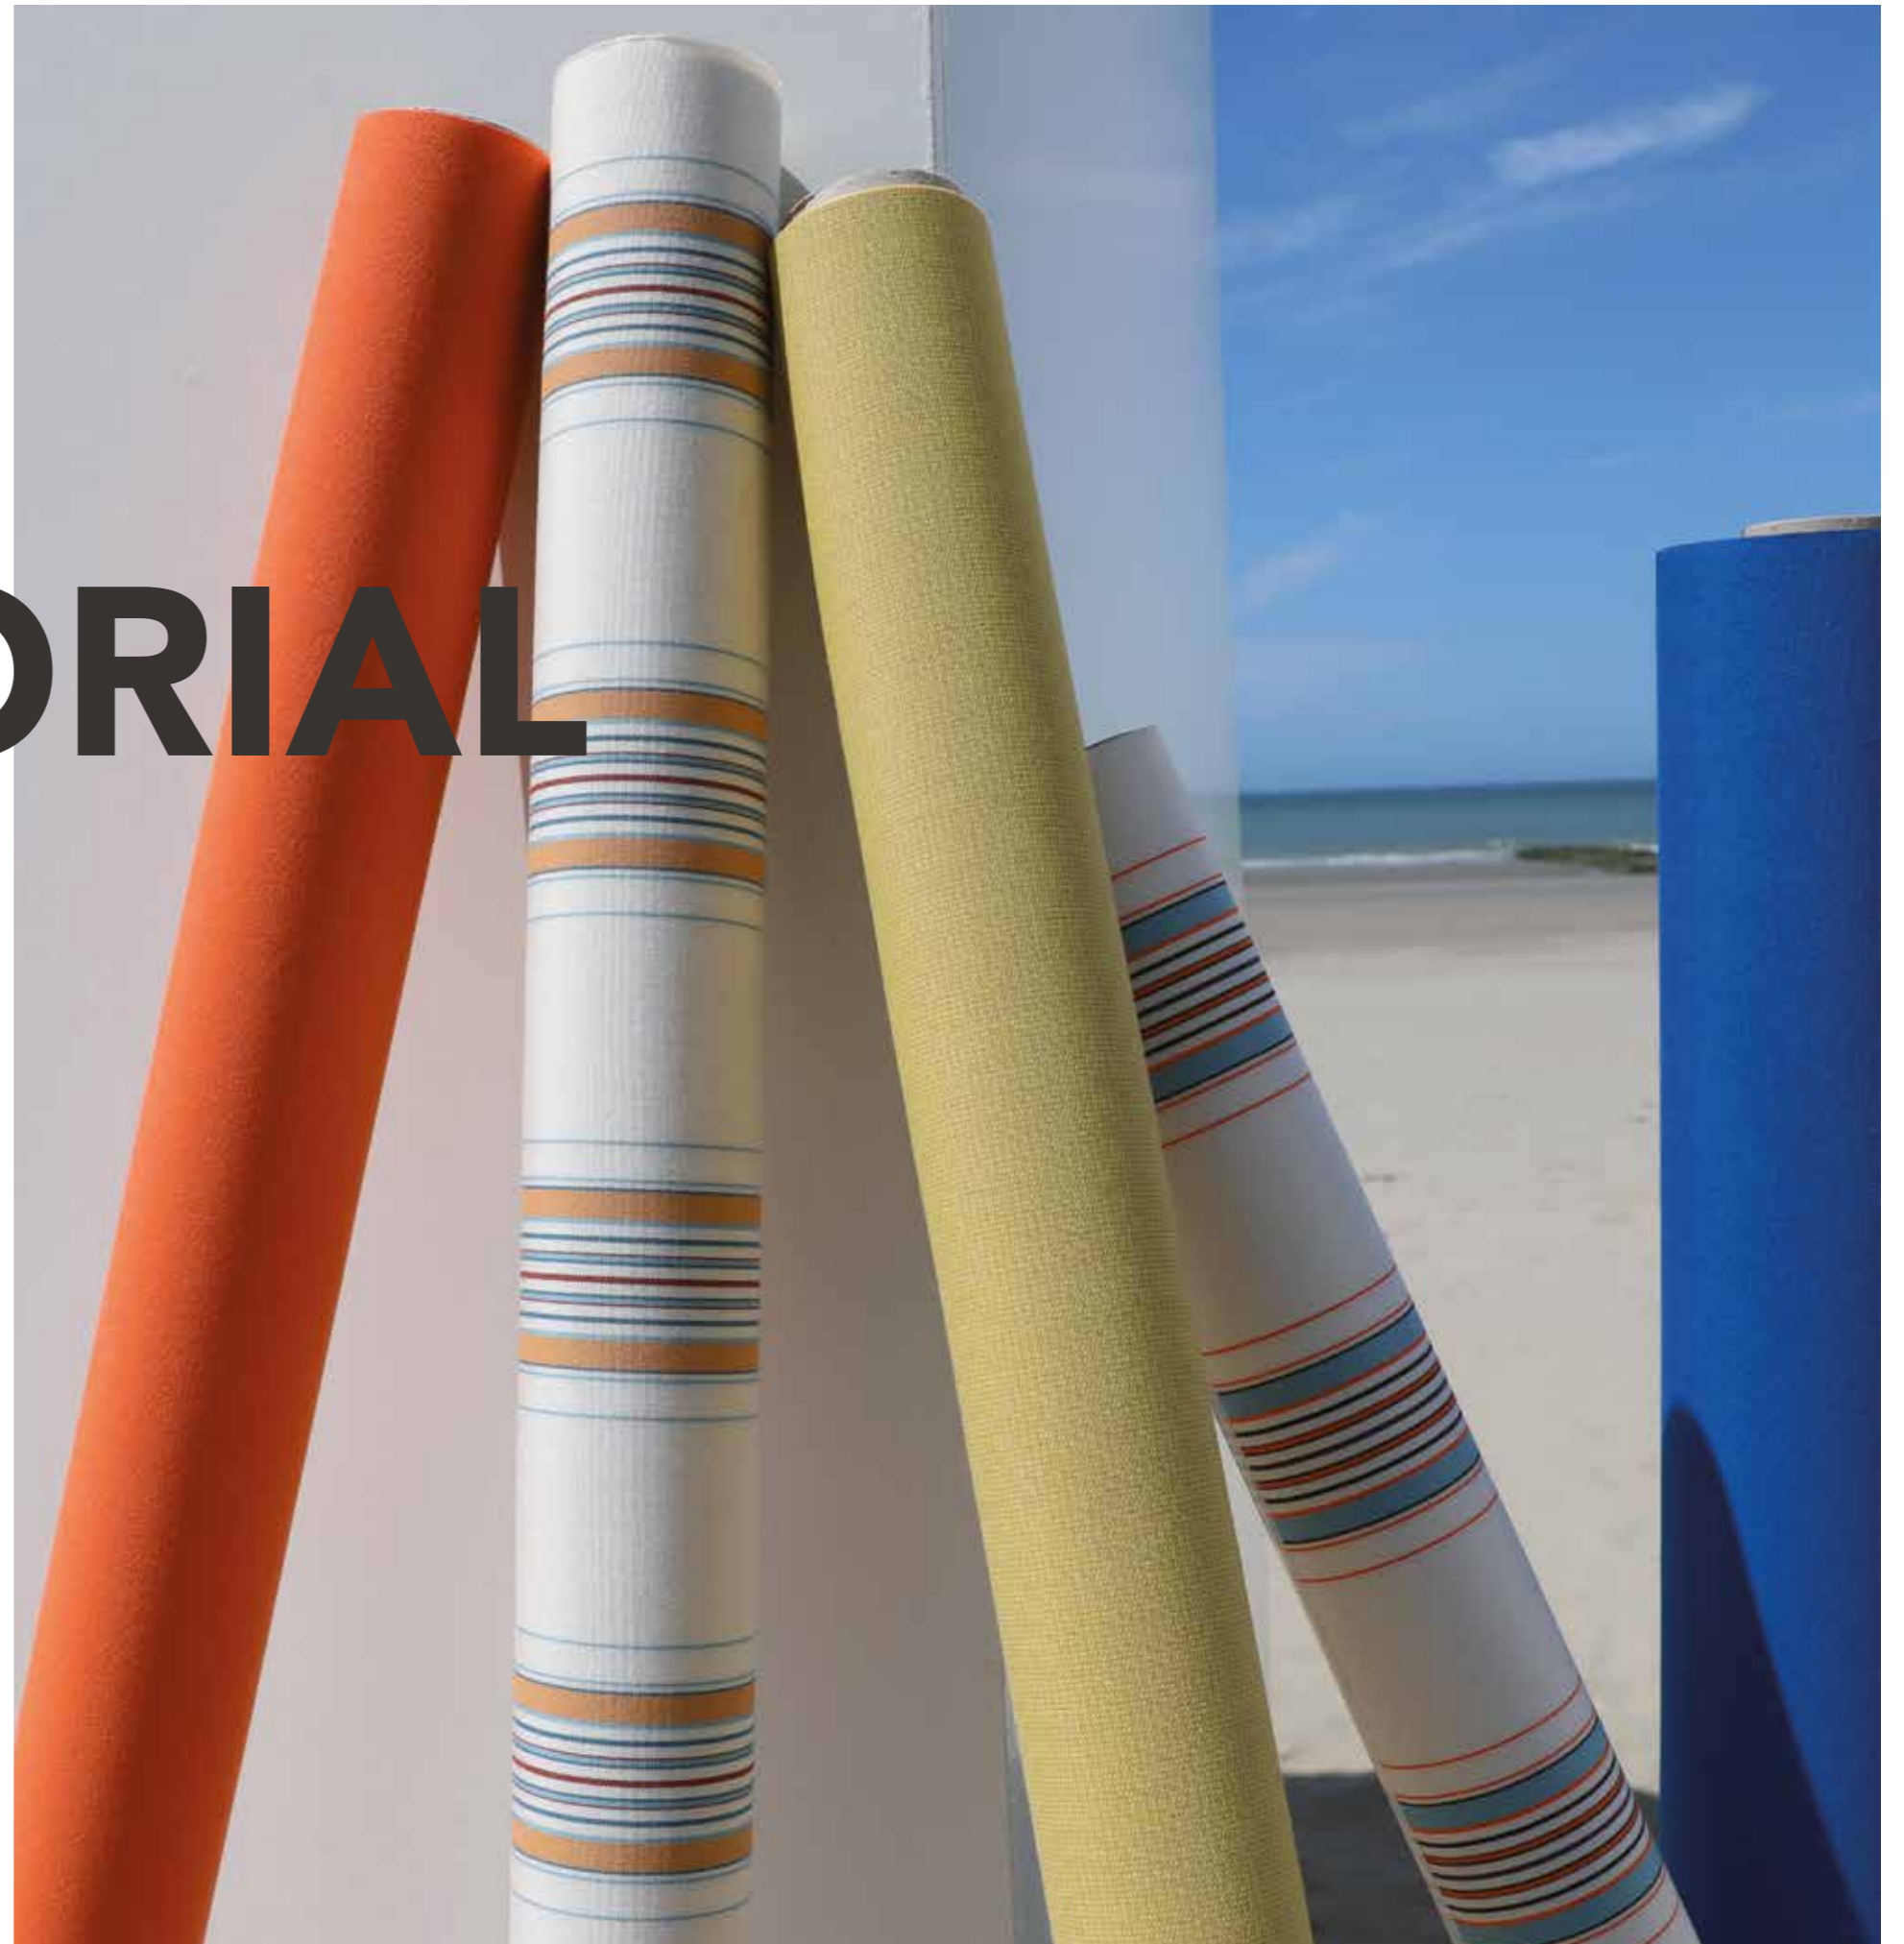

TECHNICAL FABRICS
FOR SOLAR PROTECTION

EDITORIAL

Faced with the challenge of climate change, the solar protection market is constantly innovating to meet the increasingly high standards of ever-more environmentally conscious consumers.

French technical textile leader Dickson Constant is pleased to present its DICKSON SOLAR FABRICS collection. Attractive, technically advanced, durable and easy to care for, DICKSON fabrics can be fitted to the system of your choice - folding-arm awnings, pergolas, shade sails, parasols and more - for optimal and long-lasting life comfort.

This new collection is built on 4 PILLARS, capturing the unique character of DICKSON CONSTANT :

1

Our fabrics are design

And are a decorative centrepiece for your living spaces

This collection resonates with key trends from the home decoration, architecture and building materials.

2

Our fabrics are technical

And provide enhanced comfort

Made from 100% solution-dyed acrylic fibres and treated with an innovative finish, they deliver long-lasting protection against UV-rays, heat, glare and outdoor weather conditions.

3

Our fabrics are sustainable

DICKSON is strongly committed to a continuous improvement process that protects the environment, improves well-being at work, upgrades the quality of its products and increases the energy performance of buildings.

Throughout the lifecycle of our products.

4

Our fabrics are people-centric

DICKSON owes its success to its committed employees, loyal and professional partners, and end-consumers in search for design, high-performance and sustainable solutions.

**DICKSON

Colours can enhance wellbeing and help create cool, temperate or warm atmospheres.

As sunlight diffuses through the fibres of awning fabric it colours the light and alters our perception of the space by "cooling" or "warming" the natural light.

1 Stone

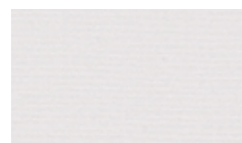

Grey tones

Grey is a neutral base and does not affect the colour of light.

HARD-WEARING AND LONG-LASTING FABRICS

Drawing on our long-standing research and development expertise, Dickson fabrics are woven from «**SUNACRYL**» acrylic fibres.

These premium fibres are **solution-dyed** which means pigments are incorporated at the very early stage of the process, **ensuring they penetrate to the heart of the fibre for unrivalled UV colourfastness.**

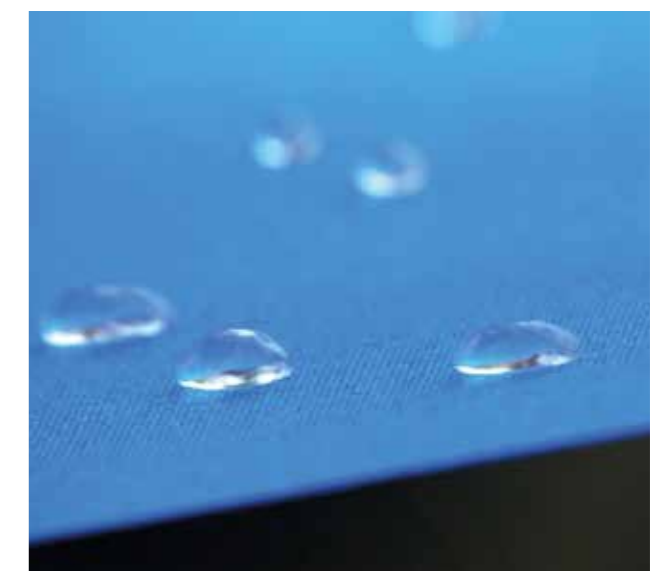

Our Outdoor «**CLEANGARD**» coating gives **long-lasting protection and provides easy care.**

Our fabrics are **rotproof and water repellent** and retain their colour intensity year after year. They also offer long-lasting protection from sunlight and inclement weather.

FABRIC CARE

See our "Maintenance and Warranty" guide on www.dickson-constant.com and use **Tex'Aktiv Clean** and **Guard** products regularly to get the most from your DICKSON fabric.

OUR FABRICS IMPROVE **COMFORT**

Archipel Or ORC D552

OUTDOOR COMFORT

WITH OUR FABRICS, SPEND MORE TIME OUTSIDE UNDER YOUR AWNING AT ANY TIME

Optimal protection from:

- UV rays, heat and brightness
- Night-time atmospheric moisture
- Light rainfall

Sides : Flanelle Chiné INF U104 – Roof : Silver SWK TOP M652

INDOOR COMFORT

OUR FABRICS LIMIT SOLAR GAIN AND HELP CONTROL HEAT AND LIGHT. THEY PROVIDE COMFORT AND ENERGY EFFICIENCY INSIDE YOUR HOME.

- Fitted on large windows, our fabrics block the sunrays, lowering indoor temperature by up to 5°C.
- They also reduce light gain to control glare while allowing comfortable levels of natural light to enter your home.
- They enhance privacy by blocking views from outside.

Bleu INF 0017

LIFE COMFORT BY DICKSON

Our DICKSON "LIFE COMFORT" concept helps you select the best colour for your life comfort goal: thermal, visual or UV protection.

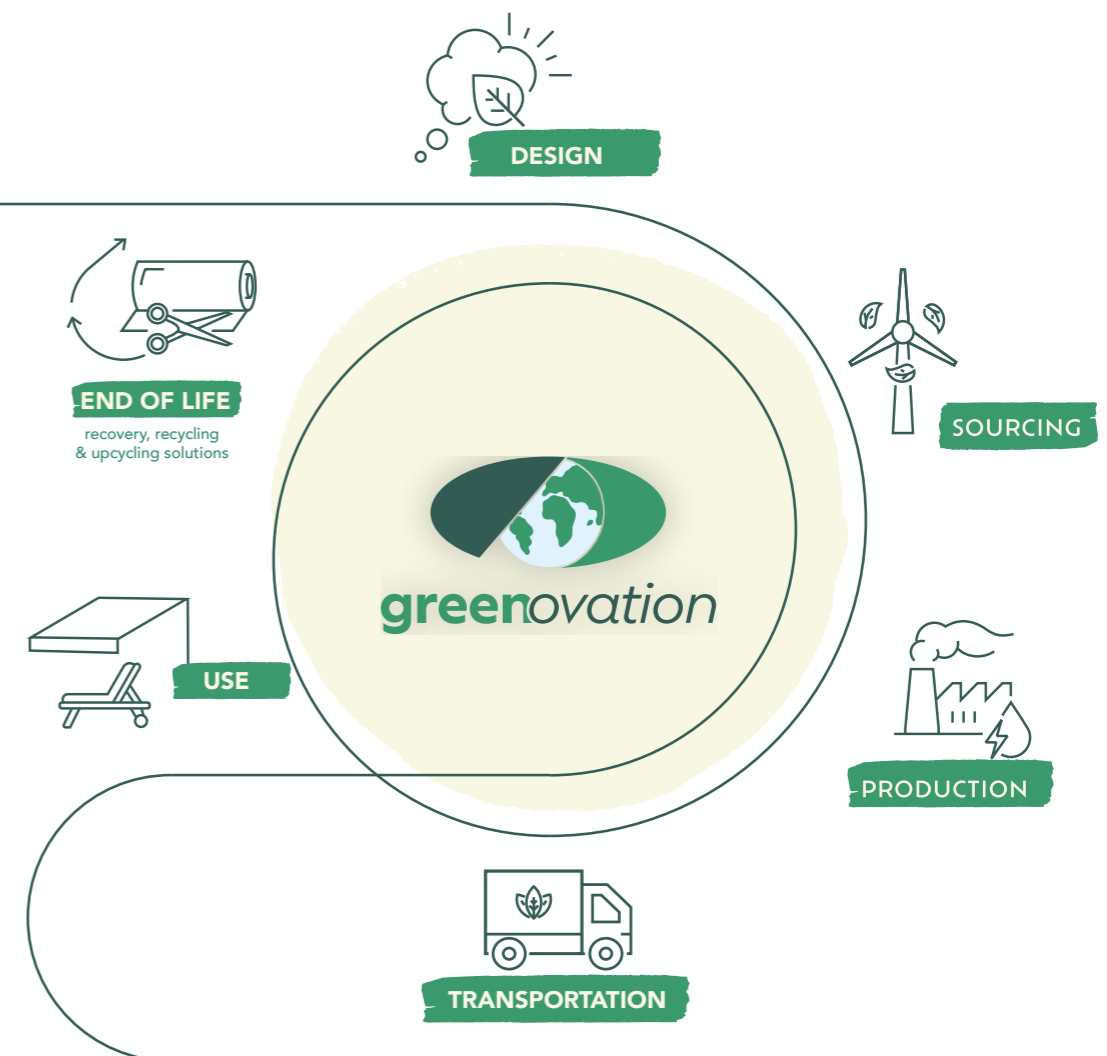

Ask your local awning dealer for more details or compare fabrics in our DICKSON DESIGNER solution (see page 7).

OUR FABRICS ARE SUSTAINABLE

Since environmental protection lies at the heart of everything we do, we implement eco-friendly measures in our plants and at each stage in the lifecycle of our products.

The CIRCULAR ECONOMY WHEEL *our recovery-centred approach*

Did YOU KNOW? >

Dickson is the first French textile company to be awarded **quadruple QSEE (Quality/Safety/Environment/Energy)** certification. In 2022, the company was also awarded the **CAP 26000** label for its commitment to corporate social responsibility.
